

CSS

mehrspaltige Layouts

Alle Breiten in Prozent

CSS:

```
#left, #right { width:14%;  
line-height:18px;  
background-color : silver;  
}  
#left { float:left;  
}  
#right { float:right;  
}  
#content { float:left;  
width:66%;  
margin-left:3%;  
}
```

html:

```
<div id="left">  
Linkes Menü  
</div>  
  
<div id="content">  
bla</div>  
  
<div id="right">  
Rechtes Menü  
</div>
```
